# **SUMMARY**

Highly organized and diligent Front-end Developer with extensive experience in Angular, React.js, and Next.js. Skilled in using UI libraries and frameworks like Angular Material and Tailwind CSS to create responsive interfaces. Proficient in integrating headless CMS solutions and implementing robust authentication mechanisms. Strong collaborator with a proven track record of delivering projects on time and ensuring client satisfaction. Fluent in English and a native speaker of Hindi.

#### **TECHNICAL SKILLS:**

- Languages: HTML, CSS, JavaScript, TypeScript, Node.js
- Frameworks and Libraries: React.js, Next.js, Angular, Angular Material, Tailwind CSS, Ant Design, Material UI, Next Auth, Bootstrap, Bootstrap, Emotion, Styled Components
- Tools and Platforms: Docker, Strapi, Keycloak, Figma
- Backend Technologies: Express, MongoDB, Java with Maven and JUnit Testing (basic), Java Collections
- Version Control: Git, GitHub

# PROFESSIONAL EXPERIENCE

## ARM EDUCATIONS (OPC) PRIVATE LIMITEDPune/ India

Junior Developer 09/2023 - 06/2024

- Developed dynamic and responsive web applications using **Angular** and **Angular Material**, ensuring a seamless user experience.
- Built and maintained scalable front-end architectures with **React.js** and **Next.js**, enhancing application performance and maintainability.
- Implemented Strapi for headless CMS functionality, streamlining content management processes.
- Integrated robust authentication and authorization features using **Keycloak** in both **React** and **Next.js** environments, ensuring secure user access.
- Utilized **Docker** for containerization, simplifying the development and deployment processes across various applications.
- Worked on the migration project from PHP to **Java** using **Maven** with **JUnit** testing, **Java Collections Framework**, and **XML** for configuration and data handling.
- Designed and developed reusable and customizable components based on **Figma** designs, promoting consistency and scalability in projects.

### ARM EDUCATIONS (OPC) PRIVATE LIMITED

Junior Developer (Training and Internship) 03-2023 – 08/2023

- Developed web applications using **React.js**, **Next.js**, and various UI libraries including **Tailwind UI**, **Ant Design**, and **Material UI**, ensuring modern and user-friendly interfaces.
- Integrated third-party APIs to extend application functionalities and developed backend services using **Next Auth**, providing secure authentication solutions.
- Collaborated closely with designers and backend developers to ensure smooth integration and alignment with project requirements.
- Enhanced application performance and user experience by leveraging state-of-the-art tools and technologies.
- Contributed to the development of robust and maintainable codebases by following best practices and coding standards.

#### **EDUCATION**

Vikram University, Ujjain (M.P.)2019 – 2021

EDUCATION: Completed Bachelor of Science in Computer Science from Vikram University

# PERSONAL PROJECTS

## Rise Stream

Description: A video streaming platform with separate frontend and backend, following all standard practices.

Link: https://rise-stream-fe.vercel.app/sign-in

# **Technologies**

- Frontend: Next.js, React, JavaScript, TypeScript, Tailwind CSS, shadon, Redux Toolkit
- Backend: Node.is, Express.is, MongoDB, Mongoose
- Authentication: JWT, bcrypt

#### **Features**

- Developed a responsive interface with Next.js and Tailwind CSS, ensuring a seamless user experience.
- Implemented state management using Redux Toolkit and optimized performance with Redis caching.
- Utilized MongoDB with Mongoose for efficient database operations and data handling.
- Ensured secure authentication and authorization with JWT and bcrypt.

## **Coder World**

Description: An e-commerce platform built with a focus on modern web technologies and user experience.

# **Technologies**

- Frontend: Next.js, React, Material UI, Bootstrap, Tailwind CSS
- Backend: Node.js, Express.js, MongoDB, Mongoose
- Authentication: JSON Web Token (JWT)

#### **Features**

- Designed and developed a dynamic and responsive UI using Next.js, Material UI, and Tailwind CSS.
- Integrated MongoDB with Mongoose for efficient data storage and retrieval, ensuring scalability.
- Implemented secure authentication and authorization using JSON Web Tokens.
- Enhanced the user experience with features like charts (ApexCharts), icons (Feather Icons), and notifications (React Toastify).

# **ACHIEVEMENTS**

**Timely Delivery**: Consistently met project deadlines by efficiently managing tasks and priorities, ensuring timely delivery of high-quality frontend solutions.

**Client Collaboration**: Collaborated with clients to understand requirements, offer technical guidance, and integrate feedback, ensuring client satisfaction and retention.

**Effective Communication**: Enables clear communication among cross-functional teams, including designers and backend developers, ensuring alignment with project goals and smooth execution.

# **OTHER**

**LANGUAGES:** English (Fluent), Hindi (native)
